CHURCH REPAIR FUNDRAISING CAMPAIGN

Budget Forecast

New rafters and roof reinforcement	- \$65,000
Column and ceiling beam reinforcement	- \$65,000
Floor joist replacement and reinforcement	- \$47,000
Contingencies and taxes	- \$38,000
Total	- \$215,000

Fundraising Campaign Goal

\$215,000 to be raised by December 2018.

Why this amount?

The future of a community landmark is at stake. No major repairs have ever been done to the church building. We are calling upon the community to help finance the structural repairs which are now needed to preserve the **only building in the village which can accommodate gatherings of more than 200 people.**

History

The Lac-Sainte-Marie parish dates back to 1840. The first parish priest arrived in 1881. The current building, which was built around 1904, was moved to its current site around 1928. The church building has symbolic religious significance, and is also a

testimony to our proud forebearers who, with a winch operated by a single horse, moved the building from its original site before the great flooding for the Pagan hydroelectric dam in Low.

For the more than 125 years since then, our church has been used for countless celebrations and events which have helped to create and maintain a sense of community and acceptance for the population.

We wish to ensure that our church building continues to be a place where people can gather

to worship, to attend religious events such as baptisms, weddings and funerals, and to enjoy performances and shows such as the Festival des arts de la scène Val-Gatinois.

Our Team

The fundraising campaign is run by group of about 15 dedicated individuals from the community.

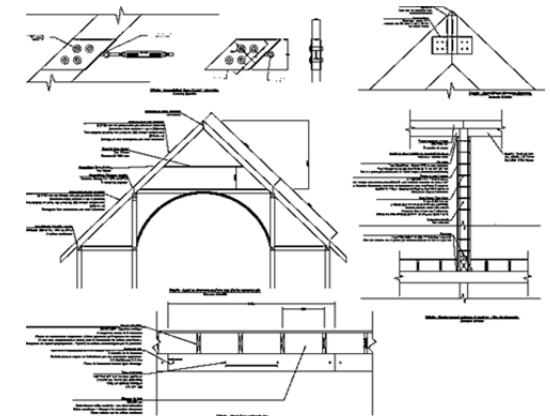

How to Donate
